# RATES OF POSTAGE.

POSTAL CARDS, 1 cent each, go without further charge to all parts of the United States and Canada. Cards for foreign countries (within the Postal Union) 2 cents each. *Postal Cards are unmailable* with any writing or printing on the address side, except the direction, or with anything pasted upon or attached to them.

ALL LETTERS, to all parts of the United States and Canada, 2 cents for each ounce or fraction thereof.

LOCAL, OR "DROP" LETTERS, that is, for the city or town where deposited, 2 cents where the carrier system is adopted, and 1 cent where there is no carrier system.

FIRST CLASS.—Letters and all other written matter, *whether sealed or unsealed*, and all other matter *sealed, nailed, sewed, tied, or fastened in any manner* so that it cannot be easily examined, 2 cents for each ounce or fraction thereof.

SECOND CLASS.—Only for publishers and news agents; 1 cent per pound.

NEWSPAPERS and Periodicals (regular publications) can be mailed by the public at the rate of 1 cent for each 4 ounces or fraction thereof.

THIRD CLASS.—Printed matter, in *unsealed wrappers only* (all matter inclosed in notched envelopes must pay letter rates), 1 cent for each 2 ounces or fraction thereof, *which must be fully prepaid.* This includes books, circulars, chromos, engravings, handbills, lithographs, music, pamphlets, proof-sheets and manuscript accompanying the same, reproductions by the electric pen, hektograph, metallograph, papyrograph, and, in short, any reproduction upon paper by any process *except handwriting and the copying press.* Limit of weight 4 lbs., except for a single book, which may weigh more.

FOURTH CLASS.—All mailable matter not included in the three preceding classes which is so prepared for mailing as to be *easily withdrawn from the wrapper* and examined, 1 cent per ounce or fraction thereof. Limit of weight, 4 lbs. Full prepayment compulsory.

REFORWARDING.—Letters will be forwarded from one post office to another upon the *written* request of the *person addressed*, without additional postage charge; but unclaimed packages *cannot be returned to the sender* until stamps are furnished to pay the return postage.

PERMISSIBLE WRITING.—No writing is permitted on third or fourth class matter except as follows: The name and address of sender on the outside or inside of package, preceded by the word "from." On the wrapper may also be written the names and number of articles inclosed. The sender is further allowed to mark a word or passage in a book or paper to which he desires to call special attention. He may

also write a simple inscription or dedication upon the cover or blank leaves of a book or pamphlet. There may be attached to articles of merchandise, by tag or label, a mark, number, name, or letter for purpose of identification. Printed circulars may contain the written name of the sender, or of the addressee, and the date. Any other writing on third or fourth class matter will subject the package to letter rates of postage, and render the sender liable to a fine of ten dollars for each offense. Printed matter may be inclosed with fourth class matter, but the whole package is subject to the rate of 1 cent per ounce or fraction thereof.

## POSTAL NOTES.

Upon payment of a fee of 3 cents each, Postal Notes for any amount under Five Dollars may be purchased at any Money-order Office, payable to bearer at any time within three calendar months from the last day of the month during which it was issued; but payable *only* at such Money-order Office as the purchaser may select or at the office of issue.

# HELP! In case of Accidents.

**Drowning.** 1. Loosen clothing, if any. 2. Empty lungs of water by laying body on its stomach and lifting it by the middle so that the head hangs down. Jerk the body a few times. 3. Pull tongue forward, using handkerchief, or pin with string, if necessary. 4. Imitate motion of respiration by alternately compressing and expanding the lower ribs, about twenty times a minute. Alternately raising and lowering the arms from the sides up above the head will stimulate the action of the lungs. Let it be done gently but persistently. 5. Apply warmth and friction to extremities. 6. By holding tongue forward, closing the nostrils and pressing the "Adam's apple" back, (so as to close entrance to stomach), direct inflation may be tried. Take a deep breath and breathe it forcibly into the mouth of patient, compress the chest to expel the air, and repeat the operation. 7. DON'T GIVE UP! People have been saved after HOURS of patient, vigorous effort. 8. When breathing begins, get patient into a warm bed, give WARM drinks, or spirits in teaspoonfuls, fresh air and quiet.

**Burns and Scalds.** Cover with Cooking Soda and lay wet cloths over it. Whites of Eggs and Olive Oil. Olive or Linseed Oil, plain, or mixed with Chalk or Whiting.

**Lightning.** Dash cold water over a person struck.

**Sunstroke.** Loosen clothing. Get patient into shade and apply ice-cold water to head.

**Mad Dog or Snake Bite.** Tie cord tight above wound. Suck the wound and cauterize with caustic or white-hot iron at once, or cut out adjoining parts with a sharp knife.

**Venomous Insects Stings, &c.** Apply weak Ammonia, Oil, Salt Water, or Iodine.

**Fainting.** Place flat on back; allow fresh air and sprinkle with water.

**Tests of Death.** Hold mirror to mouth. If living, moisture will gather. Push pin into flesh. If dead the hole will remain, if alive it will close up.

**Cinders in the Eye.** Roll soft paper up like a lamp lighter and wet the tip to remove, or use a medicine dropper to draw it out. Rub the *other* eye.

**Fire in one's Clothing.** *Don't run,*—especially not down stairs or out of doors. Roll on carpet, or wrap in woolen rug or blanket. Keep the head down, so as not to inhale flame.

**Fire in a Building.** Crawl on the floor. The clearest air is the lowest in the room. Cover head with a woolen wrap, wet if possible. Cut holes for the eyes. Don't get excited.

**Fire in Kerosene.** *Don't use water*, it will spread the flames. Dirt, sand or flour is the best extinguisher; or smother with woolen rug, table-cloth or carpet.

**Suffocation from inhaling Burning-Gas.** Get into the fresh air as soon as possible and lie down. Keep warm. Take Ammonia,—twenty drops to a tumbler of water, at frequent intervals.

# ANTIDOTES FOR POISONS.

**First.** Send for a Physician.

**Second.** INDUCE VOMITING, by tickling throat with feather or finger. Drinking hot water or strong Mustard and water. Swallow Sweet Oil or whites of Eggs.

**Acids** are antidotes for ALKALIES, and *vice versa.*

## SPECIAL POISONS AND ANTIDOTES.

| | |
|---|---|
| **Acids.** MURIATIC, OXALIC. ACETIC. SULPHURIC (Oil of Vitriol). NITRIC (Aqua Fortis). | Soap-suds, Magnesia, Lime-water. |
| **Prussic Acid.** | Ammonia in water. Dash water in face. |
| **Carbolic Acid.** | Flour and water, mucilaginous drinks. |
| **Alkalies.** POTASH. LYE. HARTSHORN. AMMONIA. | Vinegar or Lemon juice in water. |
| **Arsenic. Rat Poison. Paris Green.** | Milk, Raw Eggs, Sweet Oil, Lime-water, Flour and water. |
| **Bug Poison. Lead. Saltpetre. Corrosive Sublimate. Sugar of Lead. Blue Vitriol.** | Whites of Eggs or Milk in large doses. |
| **Chloroform. Chloral. Ether.** | Dash cold water on head and chest. Artificial respiration. Piece of ice in rectum. |
| **Carbonate of Soda. Copperas. Cobalt.** | Soap-suds and mucilaginous drinks. |
| **Iodine. Antimony. Tartar Emetic.** | Starch and water. Astringent infusions. Strong tea. |
| **Mercury** AND ITS SALTS. | Whites of Eggs. Milk. Mucilages. |
| **Nitrate of Silver. Lunar Caustic.** | Salt and water. |
| **Opium. Morphine. Laudanum. Paregoric. Soothing Powders or Syrups.** | Strong coffee, hot bath. Keep awake and moving at any cost. |
| **Strychnine. Tinct. of Nux Vomica.** | Mustard and water, Sulphate of Zinc. Absolute quiet. Plug the ears. |

# NEW WEATHER SIGNALS.

[Adopted for general use by the United States Signal Service on and after March 1, 1887.]

## INTERPRETATION OF SIGNALS.

| No. 1. White Flag. | No. 2. Blue Flag. | No. 3. Black Triangular Flag. | No. 4. White Flag, Black Center. |
|---|---|---|---|
| | | | |
| Clear or Fair. | Rain or Snow. | Temperature. | Cold Wave. |

No. 1, white flag, clear or fair weather, no rain. Number 2, blue flag, rain or snow. Number 3, black triangular flag, refers to temperature, and above numbers 1 or 2, indicates warmer weather; below numbers 1 or 2, colder weather, and when not displayed, stationary weather. Number 4, white flag with black center (cold-wave flag) sudden fall in temperature; this signal is usually ordered at least twenty-four hours in advance of the cold wave. It is not displayed unless a temperature of forty-five degrees, or less, is expected, nor is flag number 3 ever displayed with it.

## DISPLAY EXAMPLES.

Fair Weather, Colder.

Warmer. Rain or Snow.

Warmer, Fair Weather, followed by Rain or Snow.

Fair Weather, Cold Wave.

## TO FIND LENGTH OF DAY OR NIGHT.

At any time of the year add 12 hours to the time of the sun's setting, and from the sum subtract the time of rising for the length of the day. Subtract the time of setting from 12 hours, and to the remainder add the time of rising next morning for the length of the night. These rules are equally true for apparent time.

# BUSINESS LAW IN DAILY USE.

The following compilation of business law contains the essence of a large amount of legal verbiage:

If a note is lost or stolen, it does not release the maker; he must pay it, if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

Principals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of special partnership.

Ignorance of the law excuses no one.

The law compels no one to do impossibilities.

An agreement without consideration is void.

A note made on Sunday is void.

Contracts made on Sunday cannot be enforced.

A note by a minor is void.

A contract made with a minor is void.

A contract made with a lunatic is void.

A note obtained by fraud, or from a person in a state of intoxication, cannot be collected.

It is a fraud to conceal a fraud.

Signatures made with a lead pencil are good in law.

A receipt for money is not always conclusive.

The acts of one partner bind all the rest.

"Value received" is usually written in a note, and should be, but is not necessary. If not written it is presumed by the law, or may be supplied by proof.

The maker of an "accommodation" bill or note (one for which he has received no consideration, having lent his name or credit for the accommodation of the holder) is not bound to the person accommodated, but is bound to all other parties, precisely as if there was a good consideration.

No consideration is sufficient in law if it be illegal in its nature.

Checks or drafts must be presented for payment without unreasonable delay.

Checks or drafts should be presented during business hours, but in this country, except in the case of banks, the time extends through the day and evening.

If the drawee of a check or draft has changed his residence, the holder must use due or reasonable diligence to find him.

If one who holds a check as payee or otherwise, transfers it to another, he has a right to insist that the check be presented that day, or, at farthest, on the day following.

A note indorsed in blank (the name of the indorser only written) is transferable by delivery, the same as if made payable to bearer.

If the time of payment of a note is not inserted, it is held payable on demand.

Dear Sir

Yours of the 25th I received yesterday in reply I will say. I am not able to answer all the questions in your letter. as I will have to refer to my diaries which are down at the Ranch. which I have quite a few notes in them during the time I was President. I will also see the trustees that took hold after my time expired and try and get to see the minutes of their first meeting. There was a meeting appointed for me to meet and turn everything over to my successor. I was at the place at the specified time, waited for over two hours: but could not

find any of them around. I finally learned one was at a party & another was practising with the band. I had traveled six miles from the Ranch and had to return at midnight ~~last~~, all for no purpose.

I had arranged with Wm Epperson (Tongue) to take charge of some Cattle in Converse Co Wyo. and was in anticipations to leave even all night before I left, in regard to the school business. ~~I left the Books &c with Gordon.~~

I left Book Papers Vouchers &c for my wife to present, as soon as she knew there would be a meeting. She sent me word she had turned everything over to Thurston (Sandstone) Cash in hand was between two and three Dollars

which they said she might keep as we had been at considerable expense going back and forth to town on school business.

My Wife turned the papers over to Geo Peterson. It was him that made the statement in regard to the balance in hand.

That was the last I heard of the School business after my term expired which was July 1888. until April 1890.

I will ~~try and~~ write you all the particulars as far as I possibly can get hold of in a few days.

Respectfully ~~Yours~~
Yours
R Fowkes

Dear Sir

I have done my best to find out in regard to the school business.

I was elected to the office of Trustee to succeed Mr Bierman at the general school election held in May 1885.

I was treasurer of the District my whole term, which expired at the general election in May 1888.

Thos Sneddon succeeded me.

Geo Peterson - John Sims Jr Thos Sneddon composed the School board - after my term expired.

H L Fishburn audited my accounts a short time previous to my term going out. but the exact time I cannot remember. The report was handed into the board. I have spoken to Thos Sneddon in regard to the minute book and the Fishburn report. He did not have the book, he admitted as having seen the report but did not know or where it was.

In reference to an item of March 14th 1888 that I came up from ranch to settle account on that date and found the funds exhausted with the exception of $197.60 One and any other cent

very carefully over the whole Account and papers and found a balance on hand as stated above.
after this I paid three Teachers Salaries as follows. Fishburne $80.00 Mrs Smith $65.00 Maggie Millen $50.00 Total $195.00. Leaving a balance on hand of $2.60 I never paid anything after this that $2.60 is what I refer to in my last.
I notified Geo Peterson at the time what was left on hand. Peterson was Clerk at the time I do not remember of any money being borrowed from Mrs Bernard or any one else during my term

And never had any idea but what everything was all straight. till last April term of Court. It is now nearly two years since my term expired there is many things I cannot call to mind. No doubt but there are papers lost and there may have been changes made in the book since I was asked to make it reflect as

Dear Sir

Yours dated March 30th received yesterday. In reply I will state, the Ten (10) Acres of land you have heard me speak of located about two or three miles South West of the Sixth ward bridge I dont suppose I will have any claim to it now. It is about fifteen years ago since I arranged for it. I was to pay Ten dollars per Acre for it in installments of ten dollars. I paid forty dollars on it I learned afterwards it would be a long time before I could get water on it and I did not bother any more with it. When I arranged for it, I was told a Canal was to be commenced at once which was in and that I could get all the water I wanted. The proposed Canal was not made for years afterwards, and I gave the idea up - as the land at that time was mostly with out water -

I have just come in from the Ranch on the School affair. everything looks favorable but I will have to pay Judge Corn $100 for his services before we can get a little, as we intend to pay your interest

To the Honorable Board of County Commissioners for Uinta County Wyo

Gentlemen:

I wish to ask permission to put up scales on one side of the County road at forks of the Woodruff and Cokeville County roads about two hundred yards east of the Lower Bridge which crosses Bear river.

They proposed location is for said scales will be out of the way and not to interfere with the traffic.

Hoping the above will have your early consideration
